## Custom Residence in Ocean Reef Completed

Work is complete on this new home for Doug and Angela Martin with furniture on its way. This home is a reflection of the phrase "Attention to Details" by the entire Project Team and continues to receive rave reviews and accolades from the Ocean Reef Community.

A strong use of Florida Keystone and natural woods accent the home, with a full glass tile pool and infinity edge that captures the outstanding waterside views.

Congratulations to Robert Wade Architect, Lance Griffith of CHD Interiors, Bob Gill Landscape Design and the DGC team of Brooke Selvidio, Steve Herndon and Al DeMartino.

A special note of gratitude to Doug and Angela Martin for this opportunity; and sincere wishes for many years of enjoyment and happiness in their new home. It has been a true pleasure working for them.

## Kitchen Renovation Planned for Naples Yacht Club

We will begin the removal of the existing kitchen at the Naples Yacht Club on May 1<sup>st</sup>, followed by the construction of the new replacement kitchen facilities.

This will be our 9th project over the past 18 years for the Naples Yacht Club.

The kitchen will feature all new state of the art equipment. The architectural design, as created by David Humphrey of Humphrey Rosal Architects, will complement the new two-story expansion completed by our firm three years ago.

This is the final phase of the three phase Club improvement program approved by the Board of Directors in 2006.

## Time to Prepare for Spring Cleaning and Maintenance

Spring is upon us and as you begin your spring cleaning here are a few items that you should make sure are on your "Spring Maintenance Checklist":

### Interior

- ▲ Check and clean a/c filters and drain lines
- ▲ Check to insure all home fire extinguishers are fully charged
- ▲ Check caulking around bathtubs, toilets, sinks, faucets, counter tops, etc.
- ▲ Clean garbage disposal blades by grinding up ice cubes; freshen with citrus fruit rinds and baking soda
- ▲ Clean and replace dirty filters in range hood fan
- ▲ Oil moving garage parts
- ▲ Remove water heater residue – This information can be found in your water heater manual
- ▲ Test and clean smoke detectors and change batteries if needed
- ▲ Check clothes dryer vent to make sure there is no blockage

### Exterior

- ▲ Clean and lubricate all door hardware and slider door tracks
- ▲ Adjust sprinkler heads for proper coverage
- ▲ Visually inspect roof from ground for broken shingles
- ▲ Check and clean gutters and downspouts
- ▲ Inspect paint surfaces for bubbling, cracks in cladding and have repaired as necessary

These are just a few things that can be done to prevent larger problems down the line. As always please feel free to call me with any questions you may have regarding the upkeep of your home or business. I am always happy to help in any way I can.
